

Enterprise IT Services Policy & Operations Manual

Version: 3.2

Last Updated: January 2026

Department: Information Technology & Security

1. Introduction

This document defines the official policies, procedures, and operational guidelines for the Enterprise IT Services Division. All employees and contractors must comply with these policies.

2. Definitions

User: Any employee, contractor, or third party with access to enterprise systems.

System: Any software, hardware, or cloud service managed by the organization.

Incident: Any event that disrupts normal IT operations.

3. User Access Management Policy

Accounts must be created through the centralized Identity Management System. Passwords must be at least 12 characters long and expire every 90 days. MFA is mandatory for VPN, cloud, and admin access.

4. Data Classification & Handling

Data is classified as Public, Internal, Confidential, or Restricted. Confidential and Restricted data must be encrypted at rest and in transit.

5. Incident Management

All incidents must be reported within 30 minutes of discovery. Severity levels range from Critical to Low based on business impact.

6. Backup and Disaster Recovery

Full backups are taken weekly, incremental backups daily. RPO is 24 hours and RTO is 8 hours.

7. Change Management

All changes must follow formal approval processes. Emergency changes must be documented within 24 hours.

8. Acceptable Use Policy

Users must not install unauthorized software, share credentials, or bypass security controls.

9. Vendor & Third-Party Access

Third-party access must be time-bound, monitored, and governed by a signed Data Processing Agreement.

10. Compliance & Auditing

The organization complies with ISO 27001, SOC 2, GDPR, and applicable data protection laws.

11. Employee Offboarding

User access must be revoked within 24 hours of employee separation.

12. Policy Exceptions

Exceptions require written justification, security approval, and a defined expiration date.

13. Enforcement

Policy violations may result in disciplinary action, access suspension, or legal proceedings.

14. Revision History

Version	Date	Description
3.0	Jan 2024	Major security updates
3.1	Jun 2025	MFA enforcement
3.2	Jan 2026	DR and backup updates
